

BEST NEW HOTELS AROUND THE WORLD FOR 2019

Although London is where our heart is, we do love travelling the world doing much the same things we do in London: seeking out amazing food and experiences. Hotels are a crucial part of that experience too and following on from our round up of London's most exciting hotel openings for 2019, here's a global edition of the best new hotels for 2019 to look forward to.

1. Aman Kyoto

Super luxury hotel group Aman is opening its third hotel in Japan, this time in Kyoto. Japan and Aman is a dream combination and the design of their latest, a high end ryokan with sleek minimalist materials and traditional touches, looks like the kind of place you'd have to be dragged away from with tears in your eyes. Located on the outskirts of town it will have a beautiful setting surrounded by temples and mountains, plus the usual top-notch Aman spa experience and a traditional Japanese restaurant.

Opens November 2019
